

Gardening for Butterflies

June 29
10am - 1pm

Brunswick Center
775 Clark Rd
Gary, IN 46406

The workshop will include:

- Information on species that attract butterflies
- Benefits of gardening with native plants to people and nature
- Why and how to plan and plant a garden with native plants
- Designing individual gardens
- Outdoor planting

Each individual will receive plants that attract butterflies to take home!

Walk-Ins are welcome but we encourage people to register to have an appropriate amount of refreshments and materials.

Register by calling **219-882-3000** or by emailing Ashley Overton at aoverton@ci.gary.in.us
